Dear Parents,

As the Executive Director of MADISON CREATIVE ARTS ACADEMY, I would like to take this opportunity to welcome you to our school. Our primary goal is to provide for the continual development of all facets of the child: academic, emotional, physical, and social. Small group instruction by dedicated, highly qualified, loving teachers allows each student to achieve his/her full potential in a secure and nurturing environment.

We appreciate your entrusting your child to our care; however, it is our belief that a three-way responsibility exists among the school, the parent(s), and the student, if the student is to experience maximum success. Please carefully read this handbook that describes our policies and activities. Read it with your child to make it a family learning experience. We ask that you assume the following responsibilities:

- Have a thorough knowledge of Madison Creative Arts Academy's mission, vision and guiding principles.
- Support and abide by the policies.
- Provide motivation at home by establishing a quiet area for study and regular study time (students can help plan this), by showing an interest in school and class activities, and by talking regularly with your child about interests, problems, and assignments.
- Participate as much as possible in class and school activities. This will give him/her a good attitude toward school. Because you show your interest, it will stimulate your child's interest and enthusiasm.
- Confer periodically with your child's teachers concerning academic progress and conduct.
- Speak positively about teachers and the school in the presence of your child. *Negative remarks affect children!*
- Communicate directly with the teacher if there are problems concerning your child. If necessary, then you may consult the Assistant Director or the Executive Director.
- Become involved in the Parents' and Teachers' Club (PAT) as a means of becoming acquainted with other parents and teachers in the common support of MADISON CREATIVE ARTS ACADEMY; take the Panther Pride Challenge and volunteer.

Thank you, again, for sharing your child and being a part of our MADISON CREATIVE ARTS ACADEMY family. We welcome your suggestions, comments, and concerns at any time.

Sincerely,

**Janna L. Barrs** – Executive Director

## **STUDENT CODE OF CONDUCT**

The Madison Creative Arts Academy Board of Directors adopted the District School Board of Madison County's Student Code of Conduct. For convenience sake, portions of the Student Code of Conduct are inserted into this handbook. The entire Student Code of Conduct can be viewed on the District's website. A link to the District website is located at [www.mcaa.academy](http://www.mcaa.academy) under the "About" tab.

## **SCOPE OF AUTHORITY**

The Code of Student Conduct applies to all students enrolled in Madison County Public Schools and Madison Creative Arts Academy. The code is in effect on MCAA's owned or controlled property and whenever students are under the official supervision of MCAA or MCSO employees, including but not limited to: field trips, extracurricular activities, or while being transported to and from such places either by school bus, approved drivers, or other official means of conveyance.

## **GENERAL SCHOOL INFORMATION, POLICIES, AND PROCEDURES**

### **CIVILITY POLICY**

Employees of MCAA/MCSO will treat parents and other members of the public with respect and expect the same in return. The District must keep schools and administrative offices free from disruptions and prevent unauthorized persons from entering school/district grounds. Accordingly, this policy promotes civility, mutual respect, and orderly conduct among District employees.

### PARENTS' AND TEACHERS' (PAT) CLUB

An important part of Madison Creative Arts Academy is the “family” environment that enables the students to feel secure while they are learning. This includes the involvement of parents, teachers, and students. The PAT Club provides an opportunity to participate in school activities and projects to achieve this goal. All parents are strongly encouraged to participate. Participation in fundraising activities is necessary to help provide amenities that we would otherwise not be able to afford. All families are automatically members of the PAT Club. PAT Club meeting and activity notifications are posted in Bulletin Bits found under the Student/Parent link on the school website, the PAT Club Facebook page, in student planners, and from time to time conveyed via OneCall Now messages.

### GRANDPARENTS CLUB

A vital part of Madison Creative Arts Academy is the Grandparents Club. The Grand Parents Club is open to all Grandparents whose grandchildren are students at MCAA. The Grandparents Club allows Grandparents to actively participate in their grandchildren's educational opportunities as well as engage with their teachers. The Grandparents also host numerous fundraisers throughout the year; with the proceeds geared towards supporting the school and its mission through various projects throughout the year.

### LOST AND FOUND

A box is kept in the Activity Building for personal items found on the grounds. If a name is on the item, it will be returned to the owner. All unclaimed items that are not picked up by the end of the school year will be given to a charitable organization. Parents and students may check the Lost and Found box any time.

### LUNCHES AND SNACKS

Students may either bring a lunch from home or purchase one of the items offered each day at school. Students bringing lunches from home should have them when they arrive in the morning. In cases when the lunch has been left at home, parents may bring it to the office where the student will get it at lunchtime. ***Students should not have lunches from fast food restaurants delivered to school.*** A list of lunch items and prices will be sent home the first day of school each year. Parents will pre-order the student's lunches using the online lunch ordering system. If a student forgets to order lunch, the student's teacher will notify the Lunch Director and she will provide the student with lunch. The charged lunch will be billed to the child's online lunch account.

Milk or water may be purchased at school. Beverages brought from home should be nutritious. Do not send carbonated drinks or tea.

Planning with the student should result in a nutritious lunch that he/she will eat. Avoid sending too much, as sharing is not permitted except in very special cases when a child brings something for the whole class. The rules against sharing food are for health reasons.

Students may bring a snack from home.

### GIFTS, INVITATIONS, TREATS

Students should not bring gifts, invitations, treats, etc. to school for classmates unless they have one for everyone in the class. For example, if a student is planning to invite only a few classmates to a party, then those invitations should be sent through the mail or plans made by phone, not at school. Special gifts (not those that are part of a planned school party) for Christmas, Valentine's Day, birthday, etc., should be given privately, not at school.

### SCHOOL STORE

The school store will be open each school morning from 7:30A.M. to 8:00. The school sells supplies such as paper, notebooks, pencils, pens, erasers, highlighters, and poster paper. Prices are competitive with stores. Madison Creative Arts Academy t-shirts and sweatshirts may be purchased through the school office.

### PARENT TEACHER CONFERENCES AND TELEPHONE CALLS

Should you need to contact your child's teacher for any reason, please email the teacher or call the school any time during the day and your message will be given to the teacher. The teacher will return your call as soon as possible. Please avoid calling teachers at home since the records are kept at school, and they may not have the information you need. Also, our teachers are encouraged to spend time at home with their families.

If you need a conference, please call the office and one will be scheduled. Teachers have playground duty, faculty meetings, and other conferences after school and are not available for conferences each day. By calling, you and the teacher can arrange a time convenient for both of you.

Teachers begin accepting students at 7:50 A.M. Please do not plan to visit with a teacher before school, as his/her class will be waiting for him/her when the bell rings. Prior to the bell, he/she needs time to prepare for his/her busy day.

*Do not hesitate to talk with your child's teacher whenever you become aware of a problem. A delay can make the problem more difficult to solve. **Please call to schedule a conference.***

#### OFFICE AND TELEPHONE USE

Students may use the office for official business only. The office telephone may be used only with permission and in case of necessity. Calling for forgotten homework or calling to make plans for friends to come over after school are not considered necessities. Students must have a permission slip from the teacher before using the phone.

#### CELL PHONES AND/OR ANY ELECTRONIC COMMUNICATIONS DEVICES

**Wireless Communication Devices (WCDs) as used in this policy are defined in Bylaw 0100 and include peripheral devices that have a wired or wireless connection to the WCD (e.g. headphones, earbuds, watches with wireless capabilities, etc.). Electronic communications include, but are not limited to, video/audio records, photographs, and/or text messages**

HB 379 gives schools the right to restrict cell phone usage during instructional time. While students may still possess a cell phone or wireless communication device while at school, a student may not use a wireless communication device during instructional time, except when expressly directed by a teacher solely for educational purposes. A teacher shall designate an area for wireless communication devices during instructional time. Cell phones that are heard, or are in use on school grounds during instructional time without the consent of school personnel **will be confiscated.**

The use of WCDs that contain built-in cameras (i.e., devices that take still or motion pictures, whether in a digital or other format) is prohibited in locker rooms, shower facilities, and restrooms.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage to, misuse, or unauthorized use of WCDs brought onto its property, or the unauthorized use of such devices. Students shall have no expectation of confidentiality with respect to their use of WCDs on school premises/property.

The District will utilize its existing IEP, Section 504 plan, and student medical processes and procedures to evaluate requests for accommodation that are supported with the needed documentation.

#### Grades Pre-K through 8

Students in grades PK through 8 are encouraged to leave their WCDs at home. Students who bring WCDs to school must ensure that they remain on silent mode and completely out of view for the entire school day or as expressly authorized by the classroom teacher for a specific instructional activity. Classroom teachers may also provide, and students may utilize, a cell phone storage area in their classroom. These expectations also apply to extra-curricular and co-curricular activities that occur before or after the school day.

#### Grades 9 through 12

Students in grades 9 through 12 are encouraged to leave their WCDs at home. Students who bring WCDs to school must ensure that they remain on silent mode and completely out of view for the entire school day except for the student's lunch period, or as expressly authorized by the classroom teacher for a specific instructional activity. Classroom teachers may also provide, and students may utilize, a cell phone storage area in their classroom. These expectations also apply to extra-curricular and co-curricular activities that occur before or after the school day.

Note: Use of a wireless communications device includes the possibility of the imposition of disciplinary action by the school or criminal penalties if the device is used in a criminal act. [S 1006.07(2)(f), Florida Statutes]

# STUDENT RECORDS

## ACCESS TO STUDENTS AND STUDENT RECORDS BY PARENTS

The parent that registers the student and provides information on the student data registration form will be considered that parent who controls and makes final decisions regarding the student. It is the parent's responsibility to supply the school with any documents that delineate custody issues. When parents are divorced or separated, both parents have full rights to participate in the child's school activities and know what is happening at school unless there is a court document limiting that access. A non-residential parent may have access to student records and information unless a court order prohibits such access. If a court has issued such an order, then the student's parent is responsible for providing the principal with a certified copy of the order. Additionally, the school will not resolve parental disputes regarding a student and/or student record access. Normal school procedures for parent pick-up, eating with a student at school, and attendance at other school activities is permitted by both parents unless there is a court document that prohibits contact or severs parental rights. Schools do not have facilities nor is it appropriate to accommodate parent domestic visitations. If parents approach schools for these visitations, they will be requested to make arrangements for out-of-school visitation after school hours.

## FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's education records within 30 days of the day the District receives a request for access. Parents/guardians or eligible students should submit to the principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. If copies of these records are requested, the first five pages will be provided at no cost. For requests in addition to five pages, an amount of 15 cents per page will be charged.
2. The right to request the amendment of the student's education records that the parent/guardian or eligible student believes is inaccurate or misleading. Parents/guardians or eligible students may ask the MCSD to amend a record that they believe is inaccurate, misleading, or in violation of the student's privacy rights. When making such a request, a written statement to the principal should clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the FERPA authorizes disclosure without consent. The one exception, which permits disclosure without consent, is disclosure to school officials with a legitimate educational interest. A school official is a person employed by the District as administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
4. Upon request, the District discloses educational records, including record of disciplinary actions, without consent to officials of another school district in which the student intends to enroll.
5. When requesting basic information from students and parents/guardians, a request will be made for the student's social security number under section 1008.386, Florida Statutes. In any case, disclosure of the social security number is voluntary and will be used only as a student identification number in the Information Technology (IT) system maintained by the District.
6. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue SW  
Washington, DC 20202-4605

## **STUDENT RECORDS AND REPORTS - RIGHTS OF PRIVACY - NOTIFICATION**

In accordance with 1002.22, Florida Statutes, students and their parents/guardians shall have rights of access, rights of challenge, and rights of privacy with respect to student records and reports. Every student shall have a right to privacy with respect to the educational records kept on him or her. Personally identifiable information contained in such records and reports is confidential. These records and reports cannot be released without the written consent of the student's parent/guardian, or of the student himself or herself if he or she is 18 years of age or older, unless the purpose for the release of such information is consistent with Florida Statutes. Such a release of information without consent can be for any reason consistent with that in 1002.22(3)(d), Florida Statutes, including, but not limited to, purposes consistent with inter-local agreements with other agencies.

## **SUBPOENAS FOR STUDENT RECORDS**

Federal and state law requires that school officials comply with court orders and subpoenas from a court of competent jurisdiction for the timely production of student records. If disclosure is made in response to a court order or subpoena, you will be notified, except where the law prohibits said notification. If a student (18 years old or older), or the parents/guardians of a minor student, object to the release of these records, an objection to a subpoena for non-party production must be timely filed and/or a protective order must be timely obtained from a court of competent jurisdiction.

## **DIRECTORY INFORMATION**

MCAA and the MCSD reserves the right to release "directory information" to the general public without obtaining prior permission from students or parents/guardians. Directory information includes the student's name, parent/guardian names, residential address, telephone number (if listed), date and place of birth, name of most recent previous school or program attended, participation in school sponsored activities and sports, height and weight of athletic team members, dates of school attendance, anticipated graduation date, honors and awards received, and diploma conferred. However, a student or his/her parents may notify the principal of the desire NOT to have directory information released. This notification must be submitted in writing to the principal within 30 days of distribution of the Code of Student Conduct or 30 days after initial enrollment. In that case, this information will not be disclosed except with the consent of a parent/guardian or eligible student, or as otherwise allowed by the Family Educational Rights and Privacy Act. In the absence of written notification to restrict the release of directory information, MCAA and the MCSD will assume that neither a parent/guardian of a student, or an eligible student, objects to the release of the designated directory information. MCAA will routinely publish directory information in conjunction with press releases regarding school activities, honor roll announcements, athletic events, and other such activities. Under provisions of the National Defense Authorization Act and the Elementary and Secondary Education Act (No Child Left Behind), directory information may also be released to law enforcement agencies, other governmental agencies (U.S. Department of Justice, branches of Armed Forces, etc.) and to post-secondary programs to inform students of educational programs available to them. However, directory information shall not be released for commercial use, including among others, mailing lists for solicitation purposes.

## **PROTECTION OF PUPIL RIGHTS AMENDMENTS**

Local educational agencies receiving funds from the U.S. Department of Education are required by federal law to comply with requirements for the collection and reporting of certain information by means of student surveys, as well as requirements to protect student privacy. The information that must be reported relates to student attitudes and behaviors on topics such as school safety, substance use and the prevalence of risky attitudes or behaviors, particularly with respect to alcohol and drug abuse. In addition, these surveys also collect information on general health practices and human sexuality. Such information is collected by survey anonymously on a sampling basis, and no personally identifiable information is obtained from or reported on any individual student. The District cooperates with other agencies such as the Florida Department of Health in conducting these surveys.

It is the policy of the MCSD and MCAA to notify parents/guardians of upcoming surveys that reveal information concerning one or more of the following items:

- Political affiliations or beliefs of the student or the student's parent/guardian
- Mental and psychological problems of the student or the student's family
- Sexual behavior or attitudes
- Illegal, anti-social, self-incriminating, or demeaning behavior
- Critical appraisals of other individuals with whom respondents have close family relationships
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers
- Religious practices, affiliations, or beliefs of the student or student's parent/guardian
- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

**Participation Voluntary** — No student shall be required to participate in such a survey if the student or the student's parent/guardian, if the student is less than 18 years of age, objects to participation. Prior written parental consent will be obtained before a minor student takes a survey funded by the U.S. Department of Education that includes any of the above topics. On all other surveys, parents/guardians will be given the opportunity to opt their child out of participation. Notification to parents/guardians will occur prior to students being given surveys.

**Right to Inspect** — A student or the student's parent/guardian, if the student is less than 18 years of age, has the right to inspect any such survey instrument before the survey is administered or distributed to students if a request is made within a reasonable period of time. Parents/guardians further have the right to inspect or review:

- Arrangements that will be made to protect student privacy
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
- Instructional material used as part of the educational curriculum

**Notification of Parents/Guardians** — Parents/guardians will be notified of this policy annually, at the beginning of the school year, and within a reasonable period of time if any substantive change is made to this policy. Such notice shall include the specific or approximate dates during the school year when any such survey will be administered.

## **STATEMENT OF NON-DISCRIMINATION**

The Madison Creative Arts Academy does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

If you wish to file a complaint alleging any violation of this Act, notify:

Janna Barrs, Executive Director  
Madison Creative Arts Academy, Inc.  
622 NE Rocky Ford Road  
Madison, FL 32340  
Office: (850) 973-2529 Fax: (850) 973-8974

### **NOTIFICATION OF COMPLIANCE**

The MCSD and MCAA adhere to a policy of non-discrimination in educational programs/activities and employment and strives to provide equal opportunities for all as required by:

**Americans with Disabilities Act Title II** — Prohibits discrimination on the basis of disability in state and local government programs/services.

**Child Find** — The District has an obligation to identify, locate, and evaluate all children with disabilities.

**Civil Rights Act of 1994 TITLE VII** — Prohibits discrimination on the basis of race, color, religion, or national origin.

**Florida Civil Rights Act of 1992** — Secures for all individuals within the state, freedom from discrimination because of sex, national origin, age, disability, pregnancy, or marital status.

**Florida Education Equity Act** — The MCSD prohibits discrimination on the basis of race, disability or marital status, sex, or national origin against students or employees in any educational program or activity, or in any employment conditions or practices. The supervisor responsible for compliance may be contacted at (850) 973-2529.

**Section 504 of the Rehabilitation Act of 1973** — Prohibits discrimination against the disabled. It is the intent of the District to identify, evaluate, and provide appropriate educational accommodations to these students. Students may be disabled under this policy even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA). Students and parents/guardians have a right to due process under Section 504. A copy of parent/guardian rights afforded by Section 504 of the Rehabilitation Act of 1973 is available at all district schools and on the Student Services website. The Director of Student Services is the coordinator of Section 504 activities and may be contacted at (850) 973-2529.

**Title IX of Education Amendments of 1972** states: No person in the United States shall, on the basis of sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. The MCSD affirmed in 1975 that it is in compliance with the requirements of Title IX and does not discriminate on the basis of sex in the educational program or activities which it operates. This statement of non-discrimination extends to MCSD employment practices and to admission to school programs. A Title IX complaint is a claim by a person that he or she has been discriminated against on the basis of sex in the programs or activities operated by the MCSD. A person having a Title IX complaint should direct his/her concern to the Executive Director who will either investigate the complaint or refer it to appropriate personnel. Title IX complaints should be addressed to:

Janna Barrs, Executive Director  
Madison Creative Arts Academy Inc.

Office: (850) 973-2529 Fax: (850) 973-8974

## **STUDENT SAFETY**

### **CRISIS PROTOCOL**

Providing a safe and secure environment for our students to learn is a top priority of the MCSD. Measures have been taken to ensure our staff and students are prepared in the event a crisis situation occurs in one of our schools. A comprehensive Crisis Management Plan has been created to guide our staff through a wide variety of situations. Fire drills, tornado drills, and lockdowns are practiced at each site to ensure that routines and safety procedures are well established and familiar to all.

Parents, please cooperate with school and district authorities during a lockdown crisis:

- Please cooperate with school and/or district directives.
- Please consult local media for regular updates about the incident. Listen for information updates on local radio and television stations.
- You may be directed to an off-campus parent staging area for the latest information regarding a campus crisis.
- Please DO NOT call the school because phone lines will be needed for emergency communication; however, please consult the local media.
- Please DO NOT call your child's cell phone in order for cell towers to be clear for emergency use; however, please consult the local media.
- Please DO NOT go to the school if a lockdown situation should occur; however, please consult the local media. Roads are closed, doors are locked, and campuses are off-limits to anyone other than authorized personnel.

Pursuant to Florida Statute 120.54(4), in the event of an emergency, the Superintendent or the School Board can enact additional rules governing student conduct which shall be enforced as included in the Code of Student Conduct.

### **VIOLENT OR DISRUPTIVE BEHAVIOR**

The Madison County School District is committed to providing an environment supported by educators for improving school safety and increasing access to mental health supports for children and youth. We will not tolerate violent and disruptive behavior which interferes with the orderly environment and the academic process of the school. Violations may lead to the removal of a student to an Opportunity School Placement or referral to mental health services. A committee will be established to consider the consequences of such behavior. The purpose of the committee is to review all relevant data for making a determination of placement and services. Appropriate Opportunity School staff, school-level staff and the parent will be included in the committee. The parent will be notified in writing but does not have to be present for placement decisions.

### **PUBLIC SAFETY INFORMATION ACT 1997 - SEX OFFENDER/SEXUAL PREDATOR LAWS**

Information is available at the Madison County School District.

### **HARASSMENT**

The purpose of this policy is to inform and educate students of their responsibilities, rights, and complaint/grievance procedures with regards to harassment. The term harassment includes verbal or physical conduct that denigrates or shows hostility or aversion toward an individual. Harassment includes, but is not limited to, racial slurs, jokes, epithets, negative stereotyping, threats, intimidation, hostile acts, denigrating or hostile written or graphic material in student's possession or constructive possession (i.e., book bag, locker, etc.), worn, posted, circulated in the workplace or schools. The term also includes sexual harassment, which is defined as unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal, non-verbal, or physical conduct of a sexual nature when such conduct has the purpose or effect of unreasonably interfering with a student's educational performance. This includes dating violence as per Florida Statute and MCSD policy.

### **STUDENT GRIEVANCE PROCEDURES**

The MCAA will promptly investigate alleged incidents of harassment or discrimination and appropriate, corrective action will be taken. Any student who alleges harassment or discrimination by another student or MCAA employee shall report the harassment to the building principal, assistant principal(s), guidance counselor(s), or teachers. Filing of a complaint or otherwise reporting harassment in good faith, will not affect the student's status, extracurricular activities, grade, or any other assignments. However,

willfully reporting a false claim of harassment or discrimination in bad faith is illegal and will subject the reporter of the false claim to disciplinary action.

**The harassment or discrimination complaint shall be in writing, state the act or acts, state the date(s), state the names of witnesses, and shall be signed by the complainant.** The right to confidentiality, both of the complainant and of the alleged harasser, will be respected, consistent with the School Board's legal obligations and with the necessity to investigate allegations of misconduct and to take corrective action when the conduct has occurred. Retaliation against any student for alleging harassment or discrimination is strictly forbidden.

## THE SCHOOL DAY

### SUPERVISION OF STUDENTS BEFORE AND AFTER SCHOOL AND SCHOOL ACTIVITIES

MCAA is not responsible for the supervision of students on school grounds until 30 minutes prior to the start of the regular school day or a scheduled event, or beyond 30 minutes after the regular school day, afterschool care, or a scheduled event.

Please refer to your school's beginning and ending hours and arrange for supervision of your child accordingly. [§ 1003.31, Florida Statutes]

### AFTER SCHOOL PROGRAM / LATE PICK-UP

The school does provide an After School Program for the convenience of parents who cannot pick up students at the 3:00 PM bell. For parents/guardians who need to pick up their children regularly after 3:20 PM, arrangements need to be made with the school.

All persons picking up students from the After School Program must ***sign their student out each and every day. The after school care supervisor will direct you to the log book. This process is essential for the safety and protection of our after school children.*** Students participating in the After School Program must be picked up by 5:30 PM. Parents picking up students after 5:30 PM will be charged \$5.00 for every ten (10) minutes (or portion thereof) that they are late.

Students who are usually picked up in the front of the school at the 3:00 PM dismissal will be sent to the age appropriate after school room after 3:20 PM to wait for their rides. Any of these students not picked up by 3:30 PM will be charged the hourly rate with a \$5.00 minimum charge. The person picking up must tell the After School Director when the student leaves. All After School Program fees are considered Child Care and can be used for the Child Care Deduction on tax returns.

### STUDENT DROP OFF AND PICK-UP

Safety is a top priority at Madison Creative Arts Academy. Safety is more important than the driver's need to hurry and leave. The following arrival and departure rules are a must for all drivers to follow. Please share this information with all individuals responsible for driving your child to and from school. *Drivers who do not follow the morning arrival or afternoon pick-up guidelines outlined in this document may receive written warnings from the administration.*

Use of a cell phone is not allowed in the drop off or pick up line. This endangers students & staff as well as affecting the efficiency of the flow of traffic.

**EARLY ARRIVAL** - School hours for 4K - 8 are 7:50 A.M. until 3:00 PM. Morning arrival is from 7:30 AM until 8:00 AM. Unless absolutely necessary, **students should not arrive before 7:30 AM.** Students in 4K and 5K who arrive before 7:50 AM will report to their classroom. 1st – 4th grade students who arrive prior to 7:50 AM are to sit quietly in the hallway.. Students in grades 6 - 8 are to remain in the Airnasium until 7:50 AM, at which time all students report to their homeroom classrooms. ***Students arriving after 8:00 A.M. are considered tardy and will need to be accompanied by a parent/guardian for check-in at the front office. Please park your vehicle in a parking space prior to walking the student across the crosswalk to the office for late check-in.***

***Always turn off your unattended car.***

## MORNING DROP OFF –

### MCAA Moring Drop Off

XXXXX Do not use lane 2 XXXXXXXX **2**  
Use entire length of sidewalk- don't wait to be first **1**

Sidewalk

Front of school

Drop off uses lane 1 (the curb lane) only. Trying to drop off from lane 2 endangers your child since they are getting out into moving traffic. If you need to get out of your car to go into the office or to assist your child in getting out, please park your car in the paved parking area located to the left of the crosswalk. Do not leave your car in the drop off lane. If you are walking your child to the office, please walk with your child using one of the crosswalks. *Always turn off your unattended car; a running unattended vehicle can easily be stolen and it is against Florida Law (s. 316.1975(1)) to do so.* Teachers and teacher assistants will set a good example and use the crosswalk.

If you are dropping off your child, please use the entire length of the sidewalk to do so. Waiting until you are first in line needlessly delays those behind you and creates a traffic jam. Loading your child so they can get out on the passenger side allows your child to safely leave your car without having to cross in front of another car. Then, looking carefully, you may pull into Lane 2 to leave.

## AFTERNOON PICK-UP (PikMyKid program) –

### MCAA Afternoon Pick Up

						<b>2</b>

Fill both lanes as evenly as possible

Sidewalk

Front of school

MCAA uses the PikMYKid App for afternoon dismissal. This software enables us to notify students when their vehicle reaches the school property, and gives us the ability to track the time and person responsible for each pickup. When using the app, please follow the following procedure:

Making sure your location services are on and the app has permission to use your location, use the app to “announce” your arrival. Announcing will be enabled each day approximately 30 minutes prior to dismissal. If you cannot use the app on your device, please place the provided ID number card(s) for the student(s) you are picking up on your dash so it can be viewed through the windshield. Using this number provides an added level of identity protection eliminating the need to call out individual student names. Extra ID cards can be printed for other drivers/vehicles, please request them as needed.

Remain in your vehicle throughout the pickup process, and use Lanes 1 or 2 balancing out the number of vehicles in each lane. A specific number of cars will be loaded at one time. We will dismiss each lane after all vehicles in that lane are safely loaded. Please refrain from cell phone use during the process, and do not move forward until directed to do so by the traffic control person. Students who are not picked up by 3:20 PM will be sent to the afterschool care program.

If your child will be leaving school with someone other than those persons with permission listed on the Madison Creative Arts Academy Student Health/General Information form, you must designate the person in the PikMyKid app prior to 2:30 pm. If you are unable to use the app, please contact the school office prior to 2:00 to give notification of the change.

Due to congestion in the parking area and increased activity in our office area in the afternoon, we discourage check-outs after 2:15 PM. Your consideration in this matter is greatly appreciated.

REMEMBER COURTESY, PATIENCE, ALERTNESS, AND SAFETY ARE ESSENTIAL.

# SCHOOL ATTENDANCE

## EXPECTATIONS

A student is expected to be in school on time and prepared to learn every day. A student is considered absent from class if the student misses more than 15 minutes of instruction from a class.

## ATTENDANCE RULES

The classroom experience is of unique value and cannot be duplicated by make-up work. The purpose of this attendance policy is to foster responsibility and reliability on the part of District students to attend all classes. Students will acknowledge greater emphasis on attendance at school because credit in their classes will be contingent upon their presence.

The district school Superintendent is responsible for enforcing school attendance of all students subject to the compulsory school age in the school district and supporting enforcement of school attendance by local law enforcement agencies. The responsibility includes recommending policies and procedures to the district school board that require public schools to respond in a timely manner to every unexcused absence and every absence for which the reason is unknown of students enrolled in the schools.

Parents/guardians are responsible for the attendance of their children within the compulsory school age (6-16 years) unless the child files a formal declaration of intent to terminate school enrollment with the School Board on or after age 16. The declaration must acknowledge that terminating school enrollment is likely to reduce the student's earning potential and must be signed by the student and the student's parent/guardian. Parents/guardians who refuse or fail to have a child in school commit a misdemeanor, punishable as provided by law, 1003.21, Florida Statutes.

**Absences** - Absence is nonattendance of a student at school or in an approved educational activity/field trip or program on days when school is in session. Absence occurs when a student is not physically present at school or not participating in an approved school activity as defined under the compulsory school law. Though school-sponsored academic field trips are not considered absences, students are required to make up missed class work upon return to school.

### **Excused Absences may include:**

- Illness or injury of the student, as documented by a healthcare professional
- Illness or injury of the student's immediate family creating insurmountable condition of absence, as documented by health care professional
- Death of a member of the student's immediate family
- Documented appointments with health care professionals
- Administrative approval based upon written request/justification to principal or designee
- Recognized religious holidays
- Documented judicial actions-subpoena/summons
- Therapy prescribed and delivered by a licensed certified practitioner

Absences for vacation or other anticipated reasons must be given approval from an administrator at least seven days prior to the absence and the student must make arrangements for makeup of work prior to the absence. Excessive absences and academic standing may be factors in the decision to excuse or not excuse the absence. All work must be completed within three days of the student's return to school.

### **Unexcused Absences**

An unexcused absence takes place any time a student is out of school for reasons not recognized under the law. On the third unexcused absence within the previous 30 school days, a letter will be sent to the parent/guardian informing them of the compulsory school attendance law and their legal obligation to follow the law.

### **Excessive Absences-or Truant**

A student is considered truant or excessively absent when he/she has had at least five (5) unexcused absences or absences for which the reasons are unknown within a calendar month or 10 unexcused absences or absences for which the reasons are unknown, within a

90 calendar-day period, the student may be exhibiting a pattern of nonattendance and this may be considered excessive. Students who demonstrate truancy may forfeit their rights to attend field trips or other extracurricular activities. The student may be referred to the school's Student Support Team to determine if early patterns of truancy are developing. If it is determined that an early pattern of truancy is developing, regardless of whether the absences are excused or unexcused, a meeting with the parent/guardian shall be scheduled to identify potential remedies. If absences continue to be a concern despite intervention attempts the school may make a recommendation for filing a truancy petition. (1003.26 and 984.141, Florida Statutes)

### **Habitual Truant**

A student is considered habitually truant when he/she has 15 unexcused absences within 90 calendar days with or without the knowledge or consent of the parent/guardian. (1003.01, Florida Statutes) Accumulated tardies and early check outs shall be considered unexcused absences. At the elementary school level, four unexcused tardies or early checkouts will equal one unexcused absence for the purpose of defining a habitual truant. At the middle school level, six unexcused tardies or early checkouts will equal one unexcused absence for the purpose of defining a habitual truant. Legal actions, including possible criminal charges, will be pursued when the parent/guardian ignores school attendance requirements. The Superintendent must provide the Department of Highway and Motor Vehicles with the name of each habitual truant student, age 14-18. The DHMV may not issue a driver's license or learner's permit to and shall suspend any previously issued license of any student who is in noncompliance with the attendance requirement.. (Chapter 322, Florida Statutes) Families receiving public assistance for a student through the State of Florida WAGES program may have that assistance withdrawn if the student is classified as truant.

### **AUTHORIZED STUDENT SIGN OUT**

Students may not leave or be signed out from a school campus without the presence of an adult who is listed as the parent or guardian of record or an adult who is listed as an emergency contact on the Annual Student Contact Form. A photo ID is required from the adult listed on the Annual Student Contact Form who is requesting the release of the student to his/her custody. The principal is the final authority in determining if a student has permission to leave campus in the absence of the parent. Students are to be signed in at the *School Check In* kiosk located in MCAA's main office.

### **PARENT NOTES**

Whenever a student of compulsory school age is absent without the permission of the person in charge of the school, the parent/guardian of the student will report and explain in writing the cause of such absence or tardy to the appropriate school personnel. This note should be provided to the school within three days upon the student's return to school. The principal or designee has the authority, within the guidelines of the law, to determine if an absence is excused or unexcused. A maximum of 3 days per school quarter may be excused by parent notes except in the case of extenuating circumstances as determined by the Executive Director or designee.

### **MAKE-UP WORK**

Parents and students with absences are responsible for making arrangements with the teacher to make up work and assignments missed while absent. Students with excused absences will be allowed to make up work for full credit. Students with absences are expected to complete all missed assignments. Full credit will be given for all missed assignments that are turned in within three days following their return to school with the following exceptions:

- Tests or exams assigned prior to absence will be taken on the day the student returns to school. Work assigned prior to absence will be taken on the day the student returns to school. Long-term assignments and projects must be turned in on the day the student returns to school. Students checking in or out on the day a long-term assignment is due must turn the assignment in by the end of that school day to be accepted as on time.
- Teacher extends due date.

Students with Out of School Suspension (OSS) and In School Suspension (ISS) days are expected to complete all missed work during suspension. Full credit will be given for all missed assignments that are turned in on the day the student returns to school/class. (Assessments that are missed due to suspensions will follow the same guidelines as stated above.)

Failure to comply with requirements may adversely affect academic standing.

### **TARDIES**

Tardies are disruptive to the learning environment and have a negative impact on student achievement. A student is tardy when they arrive at school or class after the bell to begin has sounded without an approved excuse. Leaving school early before the end of the school day also falls under this category. **The parent must accompany the student to the office when students are tardy.** Tardies may be recognized and calculated in instances of truancy for truancy purposes and documentation for court action. Tardies are also used to determine eligibility in attendance awards. Four (4) unexcused tardies to school or four (4) early checkouts from school will equal one unexcused absence at the elementary level. Six (6) unexcused tardies to school or six (6) early checkouts from school will equal one unexcused absence at the middle school.

# ACADEMICS

## PROMOTION AND RETENTION

Students are promoted or retained based on their overall performance and standardized test scores during the school year. The decision to retain is never made hastily and is always made in the best interest of the student. The general policy is as follows: Students in grades 5K-8 who are not on a satisfactory level in reading and/or math will be retained. Parents may refer to the Madison County School District Student Progression Plan for specific information. This plan can be viewed on the district website. For your convenience, a link will be added to the Madison Creative Arts Academy website under the Student/Parent tab.

All promotions and retention are subject to administrative approval. Students needing to be retained may attend Madison Creative Arts Academy if the administration feels that another year in the same grade at Madison Creative Arts Academy would be beneficial to that student and the upcoming class is not full. At times, by mutual consent of parents, teachers, and the Executive Director, the decision to retain a child may be made even if the child is doing passable work.

## CITIZENSHIP AND CONDUCT

Good conduct and citizenship will be expected at all times of all students in classrooms, on the playground, on field trips, and at all events sponsored by the school. Every effort will be made to teach students proper citizenship and conduct. Citizenship will be evaluated each grading period on the report card. Parents are urged to talk with teachers whenever they wish to discuss their child's conduct or about any problems relating to the conduct or citizenship in class.

## ENRICHMENT

A wide variety of experiences are available for each student. Art, music, physical education, public speaking, computer skills, library and study skills are taught to each class.

## LIBRARY

All students in grades 1 - 8 will be encouraged to check out books from our library. Parents of students in 5k may check out books for their children.

Notices will be sent to students with overdue books. Report cards will not be issued to any student who has an overdue book unless he/she has made arrangements with the librarian.

In order to keep reference books available for all students, special rules have been set for their use and will be explained to students each year. Failure to follow the rules may result in fines.

## PHYSICAL EDUCATION

Students must obtain a certain amount of physical exercise and fresh air in order to remain physically and mentally healthy. Therefore, all students will be required to participate in the activities planned for Physical Education unless a written excuse from the student's parents or doctor is presented to the teacher. After a week, a doctor's excuse is required. Please notify the Physical Education teacher and the classroom teacher of any physical problems and/or limitations which would restrict physical activity.

## FIELD TRIPS

All grade levels take advantage of the numerous intellectual, cultural, and historical opportunities in the North Florida / South Georgia area. Field trips are planned to coincide with and enhance the regular curriculum and are an important part of the class program. For this reason, students are expected to attend. When a student does not attend a field trip, the teacher may assign activities in lieu of the field trip. Students are required to submit a permission slip signed by a parent before being allowed to go on a field trip. Only the students who are in the class will be allowed to attend the field trip (no siblings even if the parent drives).

## HOMEWORK

Homework is an important part of each student's educational progress. All homework is checked. Students are required to hand in all homework promptly in order that they can receive the full benefit of the day's lesson. Each teacher has his/her own policy concerning homework. Parents should certainly help when necessary, especially to help understand directions, but the student should be made aware that homework is his/her responsibility. It is advisable to set up a regular homework time and place to study. Students can help in these decisions.

## ACADEMIC AWARDS

HONOR ROLL - Grades 4 - 8: All students who have no academic grade lower than a B and a citizenship mark not lower than S- will be on the Honor Roll each nine weeks. Students with all A's in their academic subjects and a citizenship mark not lower than an S- will be on the All "A" Honor Roll.

## EXTRACURRICULAR ACTIVITIES AND ATHLETICS

### EXTRA-CURRICULAR ACTIVITIES

Extracurricular activities are offered in order to extend learning beyond the normal school day. These activities are supplemental to the school's core curriculum and are privileges, not rights. This includes participation in and/or spectator attendance at any extracurricular activity or event. Students are expected to behave appropriately at all times while participating in or attending these activities. All school and district rules and regulations are in effect during any extracurricular activity, whether held on or away from campus. In addition to any other disciplinary consequences as a result of misbehavior, the Executive Director or his designee may revoke student participation in or attendance at extracurricular activities. *[F.S 1002.20(18)]*.

Participation in a school sponsored extra-curricular activity or sport is a privilege. These activities are important components of our total educational program. Successful participation in school sponsored extra-curricular activities requires a higher level of commitment, energy, and maturity.

It is the goal of Madison Creative Arts Academy to expect a higher standard of excellence from students involved in these activities. Participating students are representing our schools in our neighborhoods, our communities, our state and our nation. The standard of behavior should be one that exhibits pride, politeness, and responsibility. Parents and students should seriously discuss the impact of the extra time, energy, and maturity required to participate in these activities, and the strict eligibility rules a student must follow to remain qualified for such activities.

### ATHLETIC CODE OF CONDUCT

The Madison Creative Arts Academy athletic program plays an important role in promoting the physical, social, and emotional development of each student. It is therefore essential for parents, coaches, and officials to encourage student athletes to embrace the values of good sportsmanship. The best way this can be done is if all involved are models of good sportsmanship. We should, at all times, lead by example by demonstrating fairness, respect, and self-control. Students, Parents, and Coaches must accept the following pledge to participate in MCAA Athletics.

*Student, Parent, Coach Pledge*

I acknowledge that I play a vital part in the development of student athletes and the success of the athletic program at Madison Creative Arts Academy. I therefore pledge to be responsible for my words and actions while attending, coaching, officiating

or participating in a Madison Creative Arts Academy sports event and shall pattern my behavior to reflect the following code of conduct:

1. I will not engage or encourage any other person to engage in unsportsmanlike conduct with any coach, parent, player, participant, official or any other attendee.
2. I (and my guests) will be a positive role model and encourage sportsmanship by showing respect and courtesy, and by demonstrating positive support for all players, coaches, officials and spectators at every game, practice, or other sporting event.
3. I will emphasize skill development and practices over winning and playing time.
4. I will not instruct my child before, during, or after a game, because it may conflict with the coach's plans and strategies.
5. I will respect the officials and their authority during games and will never question, discuss, or confront coaches at the game field. If there is a concern, I will follow the designated chain of command (Coach, Athletic Director, Executive Director).
6. I will not engage in the use of profanity or encourage any other person to engage in the use of profanity.
7. I will not engage in verbal or physical threats or abuse aimed at any coach, parent, player, participant, official or any other attendee.
8. I will not initiate or encourage any other person to fight or scuffle with any coach, parent, player, participant or any other attendee.

I agree that if I fail to pattern my conduct to the foregoing while attending, coaching, officiating or participating in a Madison Creative Arts Academy sports event I will be subject to disciplinary action including, but not limited to, the following in any order or combination:

1. Verbal warning issued by coach and athletic director.
2. Written warning issued by coach and athletic director.
3. Suspension or immediate ejection from a Madison Creative Arts Academy sports event issued by Executive Director.
4. Season suspension or multiple season suspension issued by Executive Director

This consent and release from liability must be provided in writing on a form developed by the FHSAA for that purpose. ### SCHEDULING OF ATHLETIC GAMES

Games should be scheduled to minimize the disruption in the class. Students should not have to leave before **2:45 PM** to go to either practice or play a game.

**Coaches:** All coaches will be assigned by the **Athletic Director** with the approval of the Executive Director of School. Once the first practice has started, the coach will set his/her practice schedule. The **Coach** makes the calls on and off the field regarding who is to play and the strategy of the game. If there is a concern, parents and students will follow the designated chain of command (Coach, Athletic Director, Executive Director).

### NOTIFICATION OF RISK

Be aware that playing or practicing to play/participate in any sport can be dangerous in nature and involve MANY RISKS OF INJURY. It is understood that the dangers and risks of playing or practicing to play/participate in interscholastic sports may result in complete or partial paralysis; brain damage; serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the muscular-skeletal system; serious injury to virtually all internal organs; serious injury or impairment to other aspects of the body; and general health and well-being. Understand that the dangers and risks of playing or practicing to play/participate in interscholastic sports may result not only in serious injury, but in a serious impairment of future ability to earn a living; to engage in other business; social and recreational activities; and generally to enjoy life. Because of the dangers of participating in interscholastic sports, it is important to follow and obey coaches' instructions regarding playing techniques, training, and team rules. The best investment that any parent can make is to invest in purchasing school accident insurance.

In consideration of MCAA permitting tryouts for middle school team sports and engaging in all activities related to the team including, but not limited to, trying out, practicing or playing/participating in that sport; all employees, agents, representatives, coaches, and volunteers will be held harmless from any and all liability, actions, causes of actions, debts, claims, or demands of any kind and nature whatsoever which may arise out of or in connection with participation in any activities related to the high/middle school interscholastic sports team. ### **STUDENT APPEARANCE AND DRESS CODE**

Responsibility for the dress and appearance of students enrolled in the Madison County District Schools primarily rests with parents and the students. Some student apparel, however, may not be appropriate to wear to school even though that same apparel may be appropriate to wear in other settings. To assist parents and students in making appropriate fashion and grooming decisions for school, the School Board has established the following **minimal** guidelines for the appearance and dress of students (*Florida Statutes 1001.43(1)(b) and 1006.07(2)(d)*).

The student may also receive disciplinary consequences for violating the school's dress code policy. Repeated violations may result in progressively more serious consequences.

### **GANGS AND GANG-RELATED ACTIVITY**

The MCSD will not tolerate any gang related activity on school grounds, school sponsored events, and/or on school transportation, to include dress, tattoos, bandanas (to be used as gang identifiers), graffiti, hand signals, or verbal slang. Gang related activity may include, but is not limited to, engaging in any verbal, written, or physical act, which is associated with becoming a member of a gang, being a member of a gang, or participating in gang identified rituals or behaviors on a school campus or at a school sponsored program or activity. Violations that disrupt the educational process will lead to disciplinary action. If a student is identified or qualifies as a gang member, the student may be subject to expulsion. If a student qualifies as a gang member, subsequent violations of the Code of Student Conduct may be raised to the next level (i.e., Level 1 to Level 11; Level 11 to Level 111; Level 111 to Level IV).

It is therefore the policy of the MCSD that gangs and gang activities are prohibited in Madison County Schools according to the following:

1. Gang is defined as any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of criminal/violent acts, and having a common name or common identifying sign, colors or symbols, or the purposeful violation of any MCSD policy.
2. No student on or about school property or at any school activity shall:

A student identified as a gang member by the School Resource Officer/Deputy will be photographed and entered into the Florida Department of Law Enforcement's Gang Net. [874.03 and 874.05, Florida Statutes]

## STUDENT HEALTH

### ILLNESS / INJURY

Students must stay home when ill. If a student becomes ill while at school, the parents will be contacted. If a student becomes seriously injured at school, he/she will be taken immediately to the emergency room of the Madison County Memorial Hospital or other neighboring hospital at the discretion of the EMS staff. Parents will be notified immediately.

If the student has a health problem which does not require absence from school, the school must be notified. The school may not administer medication to a student without the written approval of the parent. If your child needs to take medicine during the school day, the medicine and the written permission must be given to the teacher immediately upon arrival at school. A form may be kept on file allowing topical ointments, etc., to be applied to your child.

If your child has a fever exceeding **100.4 degrees**, he/she must remain **at home** until the fever has been down for at least **24 hours**. Sending a child to school not only puts the child at a disadvantage in his/her health and school work, but often spreads an illness to others. When checking your child's temperature to determine if he/she has 100.4 degrees of fever, make sure he/she has not taken any medication such as aspirin, Tylenol or Motrin, which reduces fever.

### HEALTH SERVICES PROVIDED

School health staff provides health counseling, health education, health screenings, and referral and follow up of suspected or confirmed health problems. They also provide consultation with students' parents/guardians regarding the need for health evaluation by the family physician, dentist, or other specialist when definitive diagnosis or treatment is indicated. School health staff review and maintain records on incidents of health problems, corrective measures taken, and other information that may be needed to plan and evaluate health programs and policies. The school nurse provides health information, when necessary, regarding the placement of students in exceptional student programs and the reevaluation at periodic intervals of students placed in such programs.

### ANNUAL EMERGENCY INFORMATION AND HEALTH UPDATE

It is very important that you complete the Annual Emergency Information and Health Update form and return it to your child's school the first week of school. PLEASE provide us with emergency contacts and inform us of any health problems your child may have which can affect them in the school setting.

Current accurate health and telephone information enables the school to contact you in case of emergency, accident, or illness, and will help us to ensure the health and well-being of your child. If any information changes during the school year, please contact the school immediately. It is the parent/guardian's responsibility to keep their child's health and contact information (telephone

numbers, address, etc.) updated. In case of a serious accident or illness at school, your child will be transported by ambulance to an emergency medical facility. The parent/guardian is responsible for all expenses.

### **MEETING EMERGENCY HEALTH NEEDS**

Onsite emergency health care is provided by staff members who are certified by a nationally recognized certifying agency to provide first aid and CPR. Onsite emergency health needs means management and aid for illness or injury pending the student's return to the classroom or release to a parent/guardian, designated friend, or designated health care provider.

Please list on the Annual Emergency Information and Health Update form, friends and/or relatives who may serve as emergency contacts for your child when you cannot be reached. Please list your best contact information such as a cell phone number, if applicable.

### **SCHOOL ENTRY HEALTH EXAMINATION**

Students in grades Pre-K through 12<sup>th</sup> grade who are making their initial entry into a Florida school must present a record of a physical examination completed within the past 12 months. The exam record shall be completed on a DH3040 form.

The exam record should be taken to the child's school upon enrollment. It must be completed by a health care provider licensed to perform physical examinations. For students transferring to a Florida school, a comparable form from another state would be acceptable, if completed within one year. [S 1003.22(1), Florida Statutes; Rule: Chapter 6A-6.024, FACI

### **FLORIDA IMMUNIZATION REQUIREMENTS FOR SCHOOL ENTRY**

Section 1003.22 (10) Florida Statutes, requires each district school board and the governing authority of each private school to refuse admittance or temporarily exclude from attendance any student who is not in compliance with the immunization requirements for school attendance.

#### **School Entry Requirements**

Before attending school in Florida (kindergarten through 12<sup>th</sup> grade), each child must provide a Florida Certification of Immunization (DH 680 form), documenting the following vaccinations:

Public/Non-Public Schools Kindergarten through 12<sup>th</sup> Grade:

- Four or five doses of diphtheria-tetanus-pertussis (DTaP) vaccine
- Three doses of hepatitis B (Hep B) vaccine
- Four or five doses of polio vaccine\*
- Two doses of measles-mumps-rubella (MMR) vaccine
- Two doses of varicella vaccine (for kindergarten and grades one through eight)

#### **Seventh Grade Requirements**

In addition to kindergarten through 12<sup>th</sup> grade requirements, students must have the following vaccinations:

One dose of tetanus-diphtheria-pertussis (Tdap) vaccine in grades seven through twelve

An updated DH 680 form to include Tdap, must be obtained for submission to the school

*\*If the fourth dose of vaccine is administered prior to the fourth birthday, a fifth dose of polio vaccine is required for kindergarten entry only.*

*\*\*Varicella vaccine is not required if varicella disease is documented by the health care provider.*

There are only two types of exemptions: MEDICAL and RELIGIOUS. Your child's doctor (MD or DO) must fill out the DH-680 form (Part C) indicating a valid reason for MEDICAL EXEMPTION. Only the Health Department can grant a RELIGIOUS EXEMPTION.

### **ADDITIONAL VACCINE RECOMMENDATIONS**

Meningococcal vaccines are not required for school entry or attendance, but are recommended for all children at their routine preadolescent visit (11-12 years of age). For those who have never previously received Meningococcal vaccines, a dose is recommended at high school entry.

Human Papilloma Virus (HPV) vaccines are not required for school entry or attendance, but are recommended for girls at their routine preadolescent visit (11-12 years of age). Males that are 9-26 years of age may receive HPV vaccine.

## MEDICATION ADMINISTRATION

Administration of medications during school hours is discouraged unless a physician determines that a student's health needs require them to be given while at school. Medication must be transported to and from school by the parent/guardian or a responsible adult designated by the parent/guardian. MCAA/MCSD has a "Zero Tolerance" drug policy. Don't put your child at risk of disciplinary action! As the parent/guardian, you can avoid potential problems for your child. Don't send any medications to school with your child. Remember, even over the counter medications such as Tylenol and Advil are considered drugs. Instructions on using medication shall be provided in writing by the Florida licensed prescribing healthcare practitioner or as described on the medication container provided by the pharmacist and/or the Florida licensed prescribing healthcare practitioner. All medications shall be delivered to the school office or health clinic with the *Authorization for Medication Administration Form* completed and signed by the student's parent/guardian and the Florida licensed prescribing healthcare practitioner. The *Authorization for Medication Administration Form* is available for download on the MCAA website under the Students/Parents tab. A separate Authorization for Medication Administration Form must be completed for each medication that must be given during school hours or school sponsored activities.

- First dosage of any new medication shall not be administered during school hours because of the possibility of an allergic or adverse reaction.
- Only medication in its ORIGINAL container from the store or pharmacy will be accepted.

## AUTHORIZATION FOR STUDENTS TO CARRY A PRESCRIPTION, INHALER, EPIPEN, INSULIN, PANCREATIC ENZYME SUPPLEMENT OR OTHER APPROVED EMERGENCY MEDICATION

If you have a student who has asthma or other health-related conditions that require self-administration of medicine or emergency type(s) of medication, or a student who needs to carry medication and self-administer on his/her person, you must complete an Authorization for Students to Carry a Prescription, Inhaler, EpiPen, Insulin, Pancreatic Enzyme Supplement or Other Approved Medication Form. You may obtain a form from your child's school. This form requires signatures of a Florida licensed healthcare practitioner, the parent/guardian, and the student.

The school nurse (MCAA LPN), upon performing a nursing assessment of the student, shall determine whether or not this student is ready to responsibly self-carry and self-administer medications at school or during school sponsored activities without endangering the health and safety of themselves, school staff, and/or fellow students. If the school nurse determines that a student is not ready to responsibly self-carry and self-administer medications at school or during school sponsored activities, the medication(s) will be administered by school health staff and/or trained school staff. Parents are strongly encouraged to keep a "back up" supply of any emergency medications, such as an inhaler, epipen, diabetes medication, etc., in the school clinic. For further instructions, please call or visit your child's school nurse.

### Emergency Injectable Medications such as Epi-pens, Glucagons etc.

- Must be accessible immediately in case of an emergency. Only these medications with the exception of inhalers will leave the building in the event of an emergency.
- Should be kept in the clinic. It is not recommended to keep emergency medications in the classroom unless the student has been checked off to self-carry.
- May be kept in a secure but unlocked location in the clinic. If stored this way, there should be a sign on the outside of the medication cabinet indicating where the emergency medications are located.

***Under NO circumstances should students show, share, dispense, or deliver prescription or non-prescription medication(s) to/with another student!***

MCAA/MCSD's definition of substance abuse is "The use of any drug when such use is unlawful, and the use of any drug when such use is detrimental to the user or to others but is not unlawful".

### **STUDENT USE OF SUNSCREEN**

Students may possess and use non-aerosol topical sunscreen without a physician's note or prescription if the sunscreen is regulated for over-the-counter use to limit ultraviolet light-induced skin damage.

### **HEALTH SCREENINGS**

The Madison County Health Department and MCAA/MCSD provide health screenings to students in Madison County Schools. Florida Statute 402.32 of the School Health Services Act requires these screenings. These screenings are designed to detect health problems that could affect student's learning and/or growth. The screenings conducted are those outlined in our current School Health Plan. The screenings for our county include:

**Vision** — Kindergarten, first, third, and sixth grade students and students entering school for the first time

**Hearing** — Kindergarten, first, and sixth grade students and students entering school for the first time

**Growth and Development** (height and weight) with BMI calculation — first, third, and sixth grade students

**Scoliosis** — Sixth grade students

These screenings will not harm your child in any way. Mass screenings as listed above will take place within the first semester. If your child does not pass any part of the screening exam(s), you will be notified in writing. Results of your child's health screenings will remain confidential and shared only with school personnel with a need to know.

### **HEALTH INSTRUCTION**

Health instruction will be provided by properly trained personnel as mandated by the Florida House Bill 1739, which requires that public school curriculum include instruction to reduce destructive behavior in children, human growth and development, AIDS, and pregnancy prevention. This legislation established abstinence from sexual activity outside marriage as the expected standard for all school age children and states that human growth and development education will stress this standard. Parents/guardians may review the content of the curriculum by calling the school for an appointment.

### **EXCLUDING STUDENTS FROM SERVICES**

Parents who do not desire their child to participate in health screenings or health education are requested to send a written letter of exclusion to the school nurse no later than two (2) weeks after the date of enrollment of the current school year.

## **TECHNOLOGY**

### **STUDENT ACCEPTABLE TELECOMMUNICATIONS/ELECTRONIC COMMUNICATIONS USE POLICY AND AGREEMENT**

MCAA provides computers and network capabilities to students for the purpose of enhancing instruction through technological resources. Students may be granted access to the District's electronic communication system that includes access to the internet. A student's activities while using this system must be in support of education and research and be consistent with the educational objectives of MCAA. This access is a privilege, not a right, and inappropriate use will result in the cancellation of this privilege by the Information Technology (IT) Department and/or disciplinary action by school officials. Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallway. The school may suspend or revoke a student's access to the school's system upon violation of school policy and/or procedures, including the MCSD Code of Student Conduct. MCAA provides filtering software in an attempt to restrict access to inappropriate materials on the internet; however, users must recognize that filtering cannot block access to everything that might not be of educational value.

REMINDER: Network storage areas will be treated like school lockers. School and IT authorities have the right to review and monitor all information stored on the network. Using the network to access, or to attempt to access, the accounts of others, or to penetrate, or attempt to penetrate, security measures of MCAA or another entity's computer software or hardware, electronic communications system, or telecommunications/electronic communications system is prohibited.

This includes denial of service attacks against another network host or individual user. Interference with or disruption of other network users, network services, or network equipment is prohibited.

Using or attempting to use a teacher's credentials to access network resources or the internet is prohibited. Other uses that the Superintendent/designee may find unacceptable are prohibited.

Google Workspace for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At MCAA, students will use their Google Workspace for Education accounts to complete assignments, communicate with their teachers, sign into school Chromebooks, and learn 21st century digital citizenship skills. All students have restrictions on their email accounts that limit communications. They will only be able to send and receive email from teachers and other students in the school as well as approved educational service providers. To view the G Suite for Education Privacy Notice, visit the following website: [https://workspace.google.com/terms/education\\_privacy.html](https://workspace.google.com/terms/education_privacy.html).

## **STUDENT DISCIPLINE**

### **DISCIPLINARY INTERVENTIONS**

Our philosophy of student behavior is one that employs a structured, systematic approach designed to support learning. Classroom management, student motivation, and positive reinforcement generate an atmosphere where student rules are viewed as guidelines for academic success.

We will provide a safe, comfortable classroom and campus environment and maximize opportunities for student learning, which are the most important factors in governing student behavior. All students' interests, strengths, and cultural backgrounds are welcomed and valued.

We believe that all students have the right to a safe and effective learning environment and that teachers have the right to a safe and effective teaching environment. Discipline issues are minimized when students are engaged in meaningful and interesting activities. Students do best with positive reinforcement techniques. Students need to have structure and limits.

We believe that discipline and classroom management exist as additional learning experiences for students. Discipline should come from a desire to teach students to self-assess and self-regulate their behavior. A well-disciplined student understands what is socially and personally healthy and productive and can correct his or her own behavior when straying from that ideal. This kind of student can resolve conflicts in a healthy way and knows what behavior is productive within social communities. Likewise, classroom management exists to guide students toward positive behaviors. It not only maximizes the time spent learning in the classroom, but it also serves to eliminate many situations in which students are tempted to exhibit negative behaviors. Effective classroom management helps ensure student success.

In Madison County Schools, we believe that as professional educators, we are charged with providing a safe, structured, and orderly environment for all staff and visitors to our schools. Further, we believe that teaching and upholding high behavioral standards are key components in preparing our students to be successful and productive citizens in the greater society. In order to fulfill these responsibilities and achieve these goals as a district all Madison County Schools will:

- Follow the Student Code of Conduct and School Board Policies
- Provide training for staff and parents in effective behavior practices
- Promote positive behavioral supports
- Administer disciplinary measures with fairness and consistency

- Engage parents as partners in identifying and maintaining student behavior as an educational priority for all students in Madison County Schools

**Principals/Assistant principals/Deans have the authority to adjust punishment due to the evaluation of the circumstances surrounding the case or incident. A good faith effort to contact parents or guardians will be made during the referral process.**

### **BUS CONDUCT RULES**

The bus is an extension of the school campus. Therefore, students will adhere to all conduct rules, including those addressing medication, while riding a MCAA school bus. Only a student who is regularly enrolled as a transported student and whose name appears on the bus driver's enrollment card for that bus, shall be permitted to ride such a bus while it is being operated on a regular school bus route. A student living outside of Madison County must provide his/her own transportation to an approved bus stop within the county of Madison.

***After students are unloaded when a bus arrives from any type of transport (normal drop off, field trip, etc.), the staff member accepting or overseeing the students will physically check the bus to ensure all MCAA students have departed the bus. In the event more than one staff member is present, the most senior member will designate a member to perform this function.***

Section 1006.10(1-7), Florida Statutes, gives school bus drivers the authority to monitor and control the behavior of students any time they are being transported to and from school or school functions at public expense.

Students being transported on a school bus must comply with the following rules:

1. Get on/off at their regularly appointed bus stop unless written parent/guardian permission is provided to the school administrator early in the day to allow time for verification.
2. Occupy the seat assigned by the driver and refrain from moving around while the bus is in motion. Seat belts must be correctly fastened upon taking assigned seat and worn at all times if the bus is designed with seat belts.
3. Wait until the bus has come to a complete stop before entering or exiting the front door of the bus. Students shall form a line in order to ensure safety in getting on or off the bus.
4. Be at the bus stop at least 5 minutes before bus arrival but not more than 15 minutes before arrival. Observe proper rules of conduct while waiting for the bus. Students shall stay at least 12 feet off the road and off private property.
5. If it is necessary for a student to cross a road to board a bus, the student should wait until the bus arrives and the driver deploys the stop arm and flashing red lights. The student should make visual contact with the driver, watching for the Department of Education's (DOE) adopted crossing signal. The student should then make a right and left check for traffic and cross 12 feet in front of the bus.
6. If it is necessary for a student to cross a road after unloading from a bus, the student should stand at the side of the bus in sight and hearing of the driver. The student should make visual contact with the driver, watching for the DOE's adopted crossing signal. The student should then make a right and left check for traffic and cross 12 feet in front of the bus.
7. Obey the driver, monitor, and volunteer at all times and follow the standards of conduct while riding the school bus. Report promptly to the principal when instructed to do so by the driver. Bus infractions may result in an out-of-school suspension.
8. Keep all body parts and belongings inside the bus windows.
9. Keep from littering, throwing, or propelling objects inside the bus.
10. Keep from throwing or propelling items outside the bus windows. (Behavior that violates this rule/expectation may be classified as a felony. The student and the parent/guardian shall be held responsible for any damages that result from such an act.)
11. Keep from defacing or vandalizing a school bus. Restitution will be required for any damages sustained to the bus.
12. Use the handrail when entering and leaving the bus. Be careful that loose straps or drawstrings on articles of clothing or backpacks do not get caught on the handrail.
13. Follow emergency evacuation procedures when appropriate.
14. Observe classroom conduct rules at all times (except for ordinary conversation). Silence on the bus shall prevail while the bus is stopped for railroad crossings or for discharging students. When the bus is in motion, only talk to the driver if it is necessary and be quiet when the driver turns the dome lights on, raises a hand, etc. One of these signals will be used at railroad crossings.
15. Use of profane or objectionable language or engaging in any other objectionable conduct is prohibited. There shall be no pushing, fighting, or any other type of misconduct at any time.
16. Possession of sharp/dangerous instruments or any type of weapons on the bus is prohibited.
17. Bring no animals, glass containers, skateboards, food, or drinks on the bus.
18. Do not use or have any tobacco products (smoking, chewing, dipping) or other mood altering substances while on the bus.
19. Bring no bulky or inappropriate objects on school transportation. This includes, but is not limited to, musical instruments, athletic equipment, etc., that cannot be held in the student's lap. No objects may block the aisles or emergency exits.
20. Students may not use cell phones while riding school buses to and from school. Cell phones may be used upon returning from a field trip or an extracurricular activity beyond normal school hours. The teacher/coach and the bus driver will jointly give permission for students to call parents to give an estimated time of arrival.

Note: MCAA buses are equipped with video/audio cameras for security purposes. Students are being recorded during their ride. These recordings may be used to determine violations of the Code of Student Conduct. Only authorized school personnel can view a bus video/audio recording, when the need arises, due to the protection of other students' privacy.

All bus incidents requiring potential discipline intervention will be referred to school administration for determination of appropriate consequences.

Procedures for students with disabilities are described in the subsection ESE: Suspensions and Expulsions.

## BUS SUSPENSION/EXPULSION

When a student is suspended or expelled from the bus, they are not permitted to use any MCAA school bus for extracurricular activities or field trips during the suspension or expulsion timeframe. At the principal's discretion, a student with a Level I or Level II infraction may be allowed to ride the bus for extracurricular activities only for field trips that are academic in nature.

A student who uses School Board provided transportation must abide by the rules of safety and behavior necessary for the operation of the system. Bus riders must follow rules in the Code of Student Conduct. Serious or repeated infractions of these rules may cause the student to lose the privilege of riding the bus. It is the responsibility of the parent/guardian to see that the student follows the rules or to provide for the student's own transportation. Suspension from a school bus does not affect the requirements of attendance laws and regulations. Level II or Level III offenses may result in an out-of-school suspension. Level III and Level IV offenses may result in expulsion from school. By statute, criminal penalties may be imposed. See Mandatory Consequences for Bus Violations. [1001.42, 1003.26, 1006.10, and 1006.21, Florida Statutes]

Parents/guardians are responsible for their children at the bus stop. However, school officials may address misconduct by students at a bus stop. Bus drivers may issue bus referrals based on behavior they observe at bus stops and administrators may investigate and discipline accordingly. [1006.07(2)(h), 1006.09(1)(b), and 1006.10, Florida Statutes]

Discipline for students with disabilities will be handled on an individual basis. The disciplinary decisions belong to the principal or his designee to affect all situations as afforded by law afforded by law.

Due to privacy and confidentiality, parents may **NOT** view video evidence of inappropriate behavior(s) unless all faces of students not belonging to the viewer's family are blurred or otherwise removed and video has not been entered into evidence with Law Enforcement Agencies.

## TOBACCO PRODUCTS

Students may not ***use, possess, distribute or sell*** tobacco products (including papers used to roll cigarettes or e-cigarettes) on school property, at school-sponsored events, at school bus stops or on school buses. In addition, it is unlawful for any person under 18 years of age to ***knowingly possess*** any tobacco product. [F.S. 386.212; 569.11] A vape or vaping device is considered a tobacco product. Use of tobacco products, to include vapes, is harmful and will result in disciplinary or legal actions.

## BULLYING AND OTHER FORMS OF AGGRESSION

MCAA is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. MCAA encourages the promotion of positive interpersonal relations among all members of the school community. Aggressive behavior, bullying, harassment, and similar acts toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal (oral or written), electronically transmitted (cyber or high-tech), and psychological abuse. MCAA will not tolerate any gestures, comments, threats, or actions, which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property or while en route to or from school sponsored activities and those occurring off school property if the student or employee is at any school sponsored, school approved, or school related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. "Bullying", including cyberbullying, is defined as and means systematically and chronically inflicting physical hurt or psychological distress on one or more students and may involve:

1. Teasing
2. Social exclusion
3. Threat
4. Intimidation
5. Stalking
6. Physical violence
7. Theft
8. Sexual, religious, or racial harassment
9. Public or private humiliation
10. Destruction of property

[S 1006.147, Florida Statutes] [MCSD Policy No. 5.101]

Each school principal will be fully expected and authorized to implement and monitor the MCSD's policy on bullying.

## THREATS OR FALSE REPORTS

If a student is found to have made a threat or false report as defined by F.S. 790.162 and F.S. 790.163 involving school or school personnel's property, school transportation, or a school-sponsored activity, the student will be expelled from the regular school for not less than one year and referred for criminal prosecution. [F.S.1006.07]

## PERMANENT REMOVAL OF STUDENT FROM CLASS

A teacher may send a student to the Executive Director's office to maintain effective discipline in the classroom. The Executive Director shall respond by employing appropriate discipline-management techniques consistent with the Code of Student Conduct under S. 1006.07 A teacher may remove from class a student:

- Who interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
- Whose behavior the teacher determines is so unruly, violent, disruptive, abusive, or disrespectful that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

If a teacher removes a student from class under this provision, the Executive Director may place the student in another appropriate classroom, in in-school suspension, or in an alternative education program as provided by S. 1003.53; or the Executive Director may recommend the student for out-of-school suspension or expulsion, as appropriate. The student may be prohibited from attending or participating in school-sponsored or school-related activities. The Executive Director may not return the student to that teacher's class without the teacher's consent unless the committee established under S. 1003.32 determines that such placement is the best or only available alternative. The teacher and the placement review committee must render decisions within five days of the removal of the student from the classroom. Any teacher who removes 25 percent of his or her total class enrollment shall be required to complete professional development to improve classroom management skills.

## STANDARDS FOR USE OF REASONABLE FORCE

Administrators, teachers, and support staff may use and apply reasonable force and restraint for self-protection or for the protection of other students from physically disruptive students. *[F.S. 1006.11]*. The use of reasonable force is permitted to protect the student from:

- a. conditions harmful to learning;
- b. conditions harmful to student's mental health;
- c. conditions harmful to student's physical health;
- d. conditions harmful to safety; and,
- e. harm and/or injury to self, school personnel, and others.

While use of physical force may be needed, alternatives should be attempted, time permitting. Reasonable force cannot be excessive or cruel or unusual in nature. Physical force being used should cease upon the restoration of a safe and orderly environment.

## ADMINISTRATIVE JUDGMENT

Administrative judgment, particularly at the elementary level, is needed in classifying offenses or behaviors into incident types. In making these classifications, age and developmentally appropriate behavior **MUST** be taken into consideration. In all instances of disciplinary action,

- the incident shall be investigated by the Executive Director or designee,
- a conference shall be held with the student,
- due process procedures shall be followed,
- and the parent will be notified.

When a student is suspended or recommended for expulsion or alternative placement, procedures for the recommended action as described in this Code of Student Conduct shall be followed. A complete written report of the incident and the action taken shall be maintained. A student with an IEP/504 Plan cannot be suspended for greater than ten (10) cumulative school days within one school year and must have a Manifestation Determination Hearing. Some infractions may result in arrest and charges being filed due to being a violation of the law as well as a violation of school rules. Some specific infractions and consequences are detailed in this section of the Code of Student Conduct. It is realized that there will be instances of misconduct that may arise that will not be detailed in this document or in the school's handbook. Decisions regarding the consequences in such cases will be made based on the details of the information gathered in the investigation of the incident and the severity and seriousness of the misconduct.

## STUDENT DETENTION, SEARCH AND SEIZURE

Students may be temporarily detained and questioned about possible violations of School Board rules. The Executive Director or designee may search lockers, vehicles or other storage areas upon reasonable suspicion that a prohibited or illegally possessed substance or object is contained within the area. *[F.S. 1006.09(9)]*. In addition, metal detectors and trained dogs may be used to screen for prohibited weapons and substances.

## DUE PROCESS

In order to protect student rights, certain procedures are followed with regard to major disciplinary actions. These procedures are developed as suggested or required by law or regulation.

## DUE PROCESS FOR SUSPENSIONS

A student accused of an offense, which in the opinion of the principal/designee, would require suspension from school or bus, shall be afforded the following due process procedures. If a student is formally charged with a felony occurring off property owned by the MCSD by a prosecuting attorney, the principal/designee shall determine if the student's presence on campus threatens the orderly environment or safety of others. An administrative hearing should be scheduled if it is determined the felony charge is upheld. The information shall be provided to the Superintendent who shall determine the length of the suspension by an administrative placement in an alternative setting. A recommendation to expel a student shall be determined by the Superintendent and submitted to the School Board if the student is adjudicated guilty of a felony. Additional procedures for students with disabilities are described in the subsection ESE: Suspension and Expulsions. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for due process.

- Step 1** — The student must be told by the principal/designee of the reason(s) for consideration of suspension from school or from the school bus (not to exceed 10 days).
- Step 2** — The student must be given the opportunity to present the student's side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident.
- Step 3** — The principal/designee shall make a determination as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the determination is to impose suspension, the notice of suspension shall be in writing. The following information shall be included in the written notice of suspension to the parent/guardian, of the minor student, or the adult student, and the Superintendent:
- Nature of the offense
  - The date of the offense, the beginning date of the suspension, and the date on which the student may return
  - Any condition involving the suspension, such as a possible reduction of the suspension
- Step 4** — The principal/designee shall report each suspension from school or the school bus in writing to the student's parent/guardian and to the Superintendent/designee. Any suspension notice to an adult student, or the parent/guardian, or custodian of a minor student, shall be hand-delivered by the principal or an administrative staff member, or shall be sent by first class mail if the principal or an administrative staff member documents a personal contact (not an attempt or recorded message) with the parent/guardian concerning the suspension and that the paperwork is being sent by mail. If contact cannot be made with the parent/guardian, then the notice may be sent by certified mail. This report shall be mailed and delivery initiated within 24 hours of the start of the suspension or on the next regular workday. Reasonable efforts shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal/designee may determine that the suspension will start without the prior contact with the parent/guardian.
- Step 5** — The student and parent/guardian have a right to a conference with the principal/designee upon request of the parent/guardian to appeal the discipline imposed. The principal shall have the discretion to reduce or cancel the suspension if it is felt that it would be in the best interest of the student and school to do so.
- Step 6** — If the parent/guardian feels that due process was not provided, they may appeal by contacting the office of Student Services or the Assistant Superintendent of Administration to further discuss the matter. This shall not be interpreted as permitting the District administrator to substitute their judgment for the judgment of the principal.

#### **DUE PROCESS FOR ALTERNATIVE SCHOOL PLACEMENT** (Same as for suspension decisions.)

#### **DUE PROCESS PROCEDURES FOR EXPULSION**

A student accused of an offense which, in the opinion of the principal/designee, may require expulsion from school or bus, shall be afforded the due process described below. Additional procedures for students with disabilities are described in the subsection ESE: Suspension and Expulsions. In emergency situations, these procedures may be modified, as long as reasonable efforts are made to provide substantially similar opportunities.

- Step 1** The student must be told by the principal/designee of the reason(s) for consideration of expulsion.
- Step 2** The student must be given the opportunity to present the student's side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident.
- Step 3** The principal/designee shall make a determination as to whether or not the student is guilty of the misconduct, and if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the principal/designee determines that there are sufficient grounds for expulsion, then the principal/designee shall inform the student of the suspension from school for ten days and that a recommendation for expulsion is being considered.
- Step 4** The principal/designee shall report in writing to the student's parent/guardian and the Superintendent that the student has been suspended for ten days and that a recommendation for expulsion is being considered. Any suspension notice to an adult student, or the parent/guardian, or custodian of a minor student, shall be hand-delivered by the principal or an administrative staff member, or shall be sent by first-class mail if the principal or an administrative staff member documents a personal contact (not an attempt or recorded message) with the parent/guardian concerning the suspension and that the paperwork is being sent by mail. If contact cannot be made with the parent/guardian, then the notice may be sent by certified mail. This shall be mailed within 24 hours of the start of the initial 10-day suspension or on the next regular workday. Reasonable effort shall be made to contact the parent/guardian prior to the start of the

suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the principal/designee may determine that the suspension will start without the prior contact with the parent/guardian.

- Step 5** The Superintendent/designee shall review the principal's recommendation for expulsion within five school days of receipt and shall recommend whatever action is deemed appropriate. The Superintendent shall notify the parent/guardian and the principal/designee of the decision within 24 hours.
- Step 6** The parent/guardian shall have the right to a hearing with the Superintendent/designee to challenge the extension or imposition of an expulsion. The hearing shall be informal in nature and shall be granted on written request.
- Step 7** The student's parent/guardian or the adult student shall be informed of any alternatives, if appropriate, and changes shall be made in the student's assignment or program.
- Step 8** If the Superintendent decides to recommend expulsion, the parent/guardian shall be notified by certified mail of the hearing at which the School Board will consider the recommendation. Failure to request a hearing in writing in a timely manner shall be considered a waiver of the student's right to a hearing to contest the charges.
- Step 9** The parent/guardian shall have the right to appear before the School Board, as designated depending on circumstances leading to expulsion, which will act on the Superintendent's recommendation for expulsion.
- Step 10** A student who is expelled from the District by School Board action shall not be afforded a rehearing before the School Board unless prior evidence is proven to be false or new evidence is substantiated that was omitted from the original hearing. A request for a rehearing shall be made by the parent/guardian to the Superintendent/designee. The Superintendent's office shall determine whether the expulsion shall be reheard by the School Board.

*Note: The Superintendent/designee may recommend to the School Board expulsion of a student who is found guilty of a felony. However, any student subject to discipline or expulsion for the unlawful possession or use of any substance under Chapter 893, Florida Statutes may be entitled to a waiver of the discipline or expulsion if the student divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if the student voluntarily discloses the unlawful possession of such controlled substance prior to arrest. For the purpose of this section, "voluntarily discloses" means that the individual comes forward on their own volition, without coercion from outside influences.  
[S 1006.09, Florida Statutes]*

## **ESE: SUSPENSIONS AND EXPULSIONS**

Students with disabilities identified as exceptional education students may be suspended in accordance with MCSD policy for a total of ten days. In case of serious breach of conduct involving the health, safety, and welfare of students and MCSD employees, appropriate alternatives for allowing the student to continue receiving educational programs and services during the suspension may include, but are not limited to, a reduced day program, transfer to a more restrictive placement for a designated period of time, attendance for special class(es) only, modified school day (i.e., student may come to the school campus at the end of the school day for the instructional program), home instruction, and other options.

Any recommendation for the expulsion of any exceptional education student with a disability shall be made in accordance with the rules promulgated by the State Board of Education and Federal Regulations outlined in IDEA. The expulsion of an exceptional education student shall not result in a complete cessation of educational services; the District is responsible for providing the student's education during the expulsion in accordance with a revised individual education plan (IEP). The principal/designee is responsible for taking appropriate action consistent with School Board policy and the Procedural Safeguards for Parents of Students with Disabilities. The following procedures shall be followed for the expulsion of exceptional education students:

- Step 1** The principal shall be responsible for convening a manifestation committee. The committee shall include, but not be limited to, the Director of Student Services/designee, the school psychologist, the guidance counselor, ESE school specialists, the involved ESE teacher, and the principal/administrative designee. Proper parent/guardian notification/invitation procedures must be followed.
- Step 2** The committee shall review the student's IEP and shall determine whether the student's behavior bears a relationship to the student's exceptionality. This decision will be taken into consideration when reviewing all evidence and making recommendations. If the committee determines the student's behavior is in relation to the exceptionality, the team may

modify the student's IEP in accordance with current needs, and expulsion will not be applied (cessation of educational services is not an option for a student with a disability). Procedures in State Board of Education Rules shall apply when a student's conduct does not bear a relationship to the exceptionality.

**Step 3** The decision of the committee shall be documented. The student's IEP may be revised to reflect a modification of the current special program or an alternative placement, or an indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in the Code of Student Conduct.

**Step 4** Any change from the student's school placement to an alternative education setting must be reviewed within 45 days. The principal/designee of the student's home school must attend the meeting to review the interim alternative education placement prior to extending the alternative setting or returning the student to their home school.

**Step 5** The principal/designee is responsible for taking appropriate action consistent with School Board policy and the Procedural Safeguards for Parents of Students with Disabilities.

## **MCAA DISMISSAL AND INVOLUNTARY WITHDRAWAL POLICIES AND PROCEDURES**

1. The School may dismiss or withdraw a student involuntarily for failure to maintain eligibility, such as District residency requirements, or for a major violation or cumulative violations that are a major violation of the School and District's Student Conduct Code. A student may not be involuntarily withdrawn for poor academic performance or for a minor violation of the School's Code of Conduct. The school will ensure that no pressure, coercion, negotiation or other inappropriate inducement will be used to attempt to have parents or guardians withdraw students from the School without good cause.
2. Upon the School's decision to implement involuntary dismissal or withdrawal, the School shall refer the student to the District for appropriate placement with the District. In each instance where dismissal is initiated, the parents will receive written notice of the dismissal including the reasons for dismissal and a summary of the actions taken to assist the student prior to dismissal.
3. The District shall be provided a copy of the dismissal notice on the same day as the parent. The School shall work in conjunction with the parent(s) and the receiving school to assure that, to the greatest extent possible, such dismissals occur at logical transition points in the school year (e.g. grading periods or semester breaks) that minimize impact on the student grades and academic achievement.
4. The student shall be entitled to due process before dismissal, equivalent to the due process for suspensions as provided in the code of conduct. Dismissal must also be compliant with IDEA, Section 504 of the Rehabilitation Act, and the American with Disabilities Act (ADA) for students with disabilities, which will normally require a manifestation determination to be conducted prior to dismissal.
5. Student dismissal may be in addition to or separate from any other potential discipline for major offenses such as a recommendation for expulsion or alternative placement.
6. Dismissal procedures shall be included in any Parent Contract, and shared with students and parents annually and provided to the District no later than two weeks prior to the opening of school each year, or at such other time as amended or modified.

## **Pledge of Allegiance**

### **House Bill 7029: Section 39 Subsection (1) of section 1003.44, Florida Statutes: 1003.44**

**Patriotic programs; rules.** (1) Each district school board may adopt rules to require, in all of the schools of the district, programs of a patriotic nature to encourage greater respect for the government of the United States and its national anthem and flag, subject always to other existing pertinent laws of the United States or of the state. When the national anthem is played, students and all civilians shall stand at attention, men removing the headdress, except when such headdress is worn for religious purposes. The pledge of allegiance to the flag, "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all," shall be rendered by students standing with the right hand over the heart. The pledge of allegiance to the flag shall be recited at the beginning of the day in each public elementary, middle, and high school in the state. Each student shall be informed by a written notice published in the student handbook or a similar publication pursuant to s. 1006.07(2) that the student has the right not to participate in reciting the pledge. Upon written request by his or her parent, the student must be excused from reciting the pledge, including standing and placing the right hand over his or her heart. When the pledge is given, unexcused students must show full respect to the flag by standing at attention, men removing the headdress, except when such headdress is worn for religious purposes, as provided by Pub. L. ch. 77-435, s. 7, approved June 22, 1942, 56 Stat. 4046 377, as amended by Pub. L. ch. 77-806, 56 Stat. 1074, approved 4047 December 22, 1942.

## **MADISON CREATIVE ARTS ACADEMY**

### **Internet Acceptable Use Policy and Guidelines**

The Internet provides an exciting opportunity to expand learning for students and educators. However, with opportunity comes responsibility for appropriate use.

#### **Network Resources**

The Internet serves as an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students, teachers, and administrators may have access to any of the following depending on school connection procedures:

- Worldwide electronic mail services.
- Global information and news as well as the opportunity to correspond with other institutions.
- Public domain and shareware computer software of all types.
- Discussion groups on a plethora of topics.
- Access to many Florida University and Community College Library Catalogs, as well as others from around the world.

#### **Network Warning**

With access to computers and people all over the world also comes the availability of materials that may not be considered of educational value in the context of a school setting. There may be some material, individual contacts or communications, which are not suitable for school-aged children. The District School Board of Madison County views information retrieval from the network in the same capacity as information retrieval from reference materials identified by schools. Specifically, the District School Board of Madison County supports those that will enhance the research and inquiry of the learner with direct guidance from faculty and staff. However, on a global network it is impossible to control all materials and an industrious user may discover inappropriate information. At school, each student's access to and use of the network will be under the teacher's direction and monitored as a regular instructional activity. The District School Board of Madison County, however, cannot prevent the possibility that some users may access material that is not consistent with the educational mission, goals, and policies of the District School Board of Madison County.

#### **General Policy and Guidelines**

It is the general policy that the network facilities are to be used in a responsible, efficient, ethical, and legal manner in accordance with the missions of the District School Board of Madison County and Madison Creative Arts Academy. Users and parents must acknowledge their understanding of the general policy and guidelines as a condition of using the Internet via the school network and Internet browser.

Failure to adhere to the policy and guidelines may result in suspending or revoking the offender's privilege of access.

## Student Network Responsibility Contract

Please read the following carefully before signing this document. This is a legally binding contract and must be signed before you will be given access to the Internet.

The Internet is an “information highway” connecting thousands of computers all over the world and millions of individual people. With access to computers around the world also comes the availability of some material that may not be considered to be of educational value within the context of the school setting. However, users of the network must adhere to educational goals of his/her school at all times.

The Acceptable Use Policy and Guidelines have been established by the District School Board of Madison County and adopted by Madison Creative Arts Academy. If any user violates any of these provisions, his or her access to the network will be terminated and all future access could possibly be denied. The signatures at the end of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

## Parent or Guardian Network Responsibility Contract

As the parent or guardian of \_\_\_\_\_, I have read the Terms and Conditions of the District School Board of Madison County Acceptable Use Policy and Guidelines. I understand that this access is designed for educational purposes. However, I also recognize it is impossible for the District School Board of Madison County and its Charter Schools to restrict access to all controversial materials and I will not hold them responsible for materials acquired on the network. Further, I accept full responsibility for suspension of computer/network privileges if and when my child's use is not in a school setting. I hereby give my child permission to use the network.

*Without parental consent this contract will not be validated and Internet privileges will not be permitted.*
