School Board Approval

A "Record School Board Approval Date" tracking event has not been added this plan. Add this tracking event with the board approval date in the notes field to update this section.

SIP Authority

Section (s.) 1001.42(18)(a), Florida Statutes (F.S.), requires district school boards to annually approve and require implementation of a new, amended or continuation SIP for each school in the district which has a school grade of D or F; has a significant gap in achievement on statewide, standardized assessments administered pursuant to s. 1008.22, F.S., by one or more student subgroups, as defined in the federal Elementary and Secondary Education Act (ESEA), 20 U.S. Code (U.S.C.) § 6311(c)(2); has not significantly increased the percentage of students passing statewide, standardized assessments; has not significantly increased the percentage of students demonstrating Learning Gains, as defined in s. 1008.34, F.S., and as calculated under s. 1008.34(3)(b), F.S., who passed statewide, standardized assessments; has been identified as requiring instructional supports under the Reading Achievement Initiative for Scholastic Excellence (RAISE) program established in s. 1008.365, F.S.; or has significantly lower graduation rates for a subgroup when compared to the state's graduation rate.

SIP Template in Florida Continuous Improvement Management System Version 2 (CIMS2)

The Department's SIP template meets:

1. All state and rule requirements for public district and charter schools.
2. ESEA components for targeted or comprehensive support and improvement plans required for public district and charter schools identified as Additional Targeted Support and Improvement (ATSI), Targeted Support and Improvement (TSI), and Comprehensive Support and Improvement (CSI).
3. Application requirements for eligible schools applying for Unified School Improvement Grant (UniSIG) funds.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Department encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year.

I. School Information

A. School Mission and Vision

Provide the school's mission statement

The mission of Madison Creative Arts Academy is to ensure that all students receive a challenging and enriching liberal arts education that provides a moral and ethical framework for critical decision making.

Provide the school's vision statement

Each student will leave MCAA with skills and confidence necessary to transition seamlessly to higher level institutions and further become productive and compassionate citizens of their communities

B. School Leadership Team, Stakeholder Involvement and SIP Monitoring

2. Stakeholder Involvement

Describe the process for involving stakeholders [including the school leadership team, teachers and school staff, parents, students (mandatory for secondary schools) and families, and business or community leaders] and how their input was used in the SIP development process (20 U.S.C. §

6314(b)(2), ESEA Section 1114(b)(2).

Note: If a School Advisory Council is used to fulfill these requirements, it must include all required stakeholders.

Stakeholders involved in school improvement include MCAA's School Advisory Council, Teaching Staff, Board of Directors, and the Parent and Teachers Club. Information is gathered in a multitude of ways, including monthly and quarterly formal meetings and through Cognia Certified Teacher, Student, and Parent Surveys. Information acquired in these meetings will be disseminated through the proper channels to drive the decision making process as it relates to school improvement.

3. SIP Monitoring

Describe how the SIP will be regularly monitored for effective implementation and impact on increasing the achievement of students in meeting the state academic standards, particularly for those students with the greatest achievement gap. Describe how the school will revise the plan with stakeholder feedback, as necessary, to ensure continuous improvement (20 U.S.C. § 6314(b)(3), ESEA Section 1114(b)(3)).

The School Improvement Plan will be monitored on quarterly basis by the School Advisory Council and the Administrative Team to review data, review student progress towards standards mastery, and revise the plan if necessary to ensure continuous improvement.

II. Needs Assessment/Data Review (ESEA Section 1114(b)(6))

A. ESSA School, District, State Comparison

The district and state averages shown here represent the averages for similar school types (elementary, middle, high school or combination schools). Each “blank” cell indicates the school had less than 10 eligible students with data for a particular component and was not calculated for the school.

Data for 2025-26 had not been fully loaded to CIMIS at time of printing.

III. Planning for Improvement

A. Data Analysis/Reflection (ESEA Section 1114(b)(6))

Answer the following reflection prompts after examining any/all relevant school data sources.

Most Improvement

Which data component showed the most improvement? What new actions did your school take in this area?

The data component that showed the most improvement was the Lowest 25th percentile in both ELA and Math. Our students in the lowest 25th percentile went from 54% proficient to 70% proficient in ELA and 37% proficient to 58% proficient in Math.

Lowest Performance

Which data component showed the lowest performance? Explain the contributing factor(s) to last year's low performance and discuss any trends.

The data for ELA and Science scores demonstrated that our Black/African American students reflected the lowest performance. They scored 29% proficient in ELA and 7% proficient in Science. There are several factors that contributed to the low performance in ELA and Science. Our ELA performance has been impacted by a high number of newly enrolled students who are reading significantly below grade level, creating a greater need for intensive foundational reading support. For Science, historically, instructional priorities in the elementary grades have centered heavily on building foundational ELA and math skills, resulting in less emphasis on science prior to the 5th-grade assessment.

Greatest Decline

Which data component showed the greatest decline from the prior year? Explain the factor(s) that contributed to this decline.

The data components that showed the greatest decline were Science and 3rd grade ELA achievement. 3rd grade ELA achievement declined from 71% proficient to 68% proficient. Science achievement declined from 45% proficient to 43% proficient. Our decline in 3rd grade ELA performance may have been impacted by the teacher departure mid-year along with several new students who were below grade level starting later in the semester. Science performance has trended down due to instructional priorities in our lower elementary grades.

Greatest Gap

Which data component had the greatest gap when compared to the state average? Explain the factor(s) that contributed to this gap and any trends.

The data component that showed the greatest gap when compared to the state average was 4th grade Math. There was a -32% proficiency gap with our 4th grade proficiency at 33% and the State's 4th grade proficiency was at 65%. One of the main factors contributing to this gap was staff inconsistency. The unusual occurrence of having teacher turnover during the school year which led to three different teachers for 4th grade Math.

EWS Areas of Concern

Reflecting on the EWS data from Part I, identify one or two potential areas of concern.

Based on our EWS data our areas of concern are 4th Math achievement, 5th/8th Science achievement and attendance.

Highest Priorities

Rank your highest priorities (maximum of 5) for school improvement in the upcoming school year.

Our highest priorities for the upcoming year are improving Math and Science achievement, daily attendance rates, and parent involvement.

B. Area(s) of Focus (Instructional Practices)

(Identified key Area of Focus that addresses the school's highest priority based on any/all relevant data sources)

Area of Focus #1

Address the school's highest priorities based on any/all relevant data sources.

ESSA Subgroups specifically relating to Black/African American Students (BLK)

Area of Focus Description and Rationale

Area of Focus Description and Rationale: Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

Black/African American students scored 38% on the Federal ESSA Subgroup Index. Based on FAST data, Black/African American students in 3rd-8th grades have scored below 41% proficient in ELA and Math for two consecutive years.

Measurable Outcome

Measurable Outcome: Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

Black/African American students in 3rd -8th grades scored below 41% (34% and 38%) on the Federal Index for two consecutive years. Black students will score a minimum of 41% on the Federal Index in 2026-27.

Monitoring

Monitoring: Describe how this Area of Focus will be monitored for implementation and impact to reach the desired outcome.

Progress will be monitored using STAR Reading/Math data, FAST PM 1 and PM 2 data, Progress Learning Data, and Intervention Programs (Panther Prep) tracking data. This data will be tracked and analyzed at least monthly to determine progress and academic intervention need for students. Classroom walkthroughs will be conducted to monitor small group, differentiated instruction and interventions. Lesson plans and intervention calendar reviews will also take place for progress monitoring.

Person responsible for monitoring outcome

Jennifer Copeland/Jennifer Raines

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable

outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Rewards Read Naturally Progress Learning Seeing Stars UFLI Pathways & Pitfalls iReady

Rationale:

Rewards, Read Naturally, UFLI, and Seeing Stars align with the Science of Reading and focuses on phonics, fluency, vocabulary, and comprehension. Math interventions align with math standards and scope & sequence.

Tier of Evidence-based Intervention:

Tier 3 – Promising Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Acquisition of materials and supplies

Person Monitoring:

Janna Barrs/Lori Newman

By When/Frequency:

By September 1, 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Order intervention materials, supplies, and manipulatives. Regular data review to review student progress.

Action Step #2

Progress Monitoring of Implementation and Effectiveness of Interventions

Person Monitoring:

Lori Newman/Jennifer Copeland/Jennifer Raines

By When/Frequency:

Ongoing Monthly Beginning September 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Regular monthly data review to monitor student response and progress with interventions.

Action Step #3

Classroom Walkthroughs

Person Monitoring:

Janna Barrs/Lori Newman/Jennifer Copeland

By When/Frequency:

Beginning September 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Classroom walkthroughs conducted regularly to monitor student engagement, small group instruction, and differentiation. Classroom coaching and feedback to help inform instruction and intervention and monitor student progress.

Action Step #4

Lesson Plans/Intervention Calendars Review

Person Monitoring:

Janna Barrs/Lori Newman/Jennifer Copeland

By When/Frequency:

Beginning September 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Review weekly lesson plans and intervention calendars to monitor small group instruction, differentiation, and student progress.

IV. Positive Learning Environment

Area of Focus #1

Student Attendance

Area of Focus Description and Rationale

Include a description of your Area of Focus for each relevant grade level, how it affects student learning and a rationale explaining how it was identified as a crucial need from the prior year data reviewed.

In Kg-3rd, 19% of students had an average attendance below 90%. In 4th-8th 23% of students had an average attendance below 90%. These attendance rates are much improved from the previous year of 55% below 90% in KG-3rd and 48% below 90% in 4th-8th. However, the students who have the lowest attendance rates also have the lowest achievement scores. Student absenteeism directly impacts student learning and progress towards mastery of grade level standards. More and more students are missing daily instruction and student achievement has decreased in both reading, math, and science.

Measurable Outcome

Include prior year data and state the specific measurable outcome the school plans to achieve for each relevant grade level. This should be a data-based, objective outcome.

In Kg-3rd, 19% of students had an average attendance below 90%. In 4th-8th 23% of students had an average attendance below 90%. For 2026-2027, no more than 15% of KG-3rd students will have an average attendance of below 90% and in 4th-8th grade average attendance will decrease to no more than 20% of students below 90%.

Monitoring

Describe how this Area of Focus will be monitored for the desired outcome. Include a description of how ongoing monitoring will impact student achievement outcomes.

Attendance averages will be monitored monthly by the administrative team and also during quarterly data meetings with grade level teams.

Person responsible for monitoring outcome

Lori Newman/Jennifer Copeland

Evidence-based Intervention:

Evidence-based intervention: (May choose more than one evidence-based intervention.) Describe the evidence-based intervention (practices/programs) being implemented to achieve the measurable outcomes in each relevant grade level and describe how the identified interventions will be monitored for this Area of Focus (20 U.S.C. § 7801(21)(A)(i) and (B), ESEA Section 8101(21)(A) and (B)).

Description of Intervention #1:

Monthly attendance monitoring (along with PBIS monitoring).

Rationale:

Regular data reviews and implementing interventions/incentives for attendance will assist in improving attendance averages.

Tier of Evidence-based Intervention:

Tier 1 – Strong Evidence

Will this evidence-based intervention be funded with UniSIG?

No

Action Steps to Implement:

Action step(s) needed to address this Area of Focus or implement this intervention. Identify 2 to 3 action steps and the person responsible for each step.

Action Step #1

Monthly attendance records pulled from Skyward

Person Monitoring:

Lori Newman

By When/Frequency:

Monthly beginning August 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Review of attendance data during quarterly data chats to address excessive absences and develop interventions.

Action Step #2

Monthly/Quarterly Attendance Recognition

Person Monitoring:

Lori Newman

By When/Frequency:

Monthly beginning August 2026

Describe the Action to Be Taken and how the school will monitor the impact of this action step:

Student attendance will be recognized and rewarded monthly and at quarterly Spirit Days.

V. Title I Requirements (optional)

A. Schoolwide Program Plan (SWP)

This section must be completed if the school is implementing a Title I, Part A SWP and opts to use the SIP to satisfy the requirements of the SWP plan, as outlined in 20 U.S.C. § 6314(b) (ESEA Section 1114(b)). This section of the SIP is not required for non-Title I schools.

Dissemination Methods

Provide the methods for dissemination of this SIP, UniSIG budget and SWP to stakeholders (e.g., students, families, school staff and leadership, and local businesses and organizations). Please articulate a plan or protocol for how this SIP and progress will be shared and disseminated and to the extent practicable, provided in a language a parent can understand (20 U.S.C. § 6314(b)(4), ESEA Section 1114(b)(4)).

List the school's webpage where the SIP is made publicly available.

The MCAA School Improvement Plan will be publicly available at www.mcaa.academy

Positive Relationships With Parents, Families and other Community Stakeholders

Describe how the school plans to build positive relationships with parents, families and other community stakeholders to fulfill the school's mission, support the needs of students and keep parents informed of their child's progress.

List the school's webpage where the school's Parental Family Engagement Plan (PFEP) is made publicly available (20 U.S.C. § 6318(b)-(g), ESEA Section 1116(b)-(g)).

MCAA plans to continue to build positive relationships with parents, families, and our community stakeholders by conducting Open Houses, Parent/Family Nights, Parent Conferences, and School/Community wide events such as the Fall Festival. Information is provided to parents, families and the community through various means, such as, parent conferences, report cards, progress reports, social media, the MCAA website (mcaa.academy), CANVAS, Class Dojo, and One Call Now.

Plans to Strengthen the Academic Program

Describe how the school plans to strengthen the academic program in the school, increase the amount and quality of learning time and help provide an enriched and accelerated curriculum. Include the Area of Focus if addressed in Part II of the SIP (20 U.S.C. § 6314(b)(7)(A)(ii), ESEA Section 1114(b)(7)(A)(ii)).

Plans for improvement for the upcoming year include continuing intervention times during ELA, Math, and Study Hall Wheel classes, the implementation of remedial ELA and Math classes for 4th-8th

grades during Wheel to provide intervention for Level 1 students. To support improvement in Science achievement, the Instructional Coach will push into Science classrooms to provide instructional support, collaborate with teachers, and support the implementation of effective, standards-aligned instructional practices.

MCAA also plans to continue to focus on improving attendance rates by recognizing attendance monthly and quarterly and conducting parent contact and conferences for students with excessive absences.

How Plan is Developed

If appropriate and applicable, describe how this plan is developed in coordination and integration with other federal, state and local services, resources and programs, such as programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing CSI or TSI activities under section 1111(d) (20 U.S.C. § 6314(b)(5) and §6318(e)(4), ESEA Sections 1114(b)(5) and 1116(e)(4)).

Not applicable.

B. Component(s) of the Schoolwide Program Plan

Components of the Schoolwide Program Plan, as applicable

Include descriptions for any additional, applicable strategies that address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards which may include the following:

Improving Student's Skills Outside the Academic Subject Areas

Describe how the school ensures counseling, school-based mental health services, specialized support services, mentoring services and other strategies to improve students' skills outside the academic subject areas (20 U.S.C. § 6314(b)(7)(A)(iii)(I), ESEA Section 1114(b)(7)(A)(iii)(I)).

VI. ATSI, TSI and CSI Resource Review

This section must be completed if the school is identified as ATSI, TSI, or CSI (ESEA Sections 1111(d)(1)(B)(4) and (2)(C) and 1114(b)(6)).

Process to Review the Use of Resources

Describe the process you engage in with your district to review the use of resources to meet the identified needs of students.

Teachers and administrative staff review the data to determine specific needs of the students. Then a review of specific evidenced-based resources and interventions that help address these needs is conducted using a Textbook/Materials Evaluation Matrix. Resources that score the highest on the Matrix are then vetted and narrowed down to the one that best meets the students' needs.

Specifics to Address the Need

Identify the specific resource(s) and rationale (i.e., data) you have determined will be used this year to address the need(s) (i.e., timeline).

Progress Learning to provide diagnostic screening, skills practice, assessment of skills, and targeted intervention.

Rewards, UFLI, Pathways & Pitfalls, and iReady to provide ELA and Math Intervention.

VII. Budget to Support Areas of Focus
